

INVITED SPEAKERS

5th conference on Numerical Analysis and its Applications
9-10 September 2014

	<p>Professor Mahmoud Mohseni Moghadam</p> <p>Specialties: Numerical Analysis and Numerical Linear Algebra.</p> <p>Affiliation: Shahid Bahonar University of Kerman</p> <p>Title of talk: Some comments on differential and integral equations</p> <p>Schedule for the talk: September 9, 2014 (10:30-11:30)</p>
	<p>Professor G. Hossein Erjaee</p> <p>Specialties: Numerical Analysis, Differential Equations & Dynamical Systems, Chaos and Chaos Synchronization, Fractional Differential Equations, Mathematical Modeling in Engineering and Health Sciences.</p> <p>Affiliation: Shiraz University</p> <p>Title of talk: Linearity and Nonlinearity in Numerical Analysis</p> <p>Schedule for the talk: September 9, 2014 (14:30-15:30)</p>
	<p>Professor Jalil Rashidinia</p> <p>Specialties: Numerical solution of ODE, Numerical solution of PDE, Splines approximation and Numerical Linear Algebra.</p> <p>Affiliation: Iran University of Science and Technology</p> <p>Title of talk: Application of the spline functions for solving differential equations</p> <p>Schedule for the talk: September 10, 2014 (8-9)</p>
